MORNING REPORT.

Late Rebel News—Skirmish in East Tennessee—Fort Macon attacked—Savannah in a state of Siege—Burnside looking towards the Capital of North Carolina—Rebels falling back on Richmond—Late from Europe—Connecticut river "on a high," &c., &c.

New York, April 21.—The steamer City of New York, with four days' later European news, will be up at 10 o'clock.

WASHINGTON, April 21.—The Norfolk Day Book of Saturday contains the following:

NOXVILLE, April 19.—Captain Ashley, commanding 300 artillery, entered today, Lincolnites stampeding for Kentucky yesterday, near Jacksonville, Tenn. They had a hand to hand fight for two hours, and succeeded in killing about 75 and taking 500 prisoners. Our loss none killed and 2 wounded. No less than 5,000 Lincolnites left East Tennessee for Kentucky since the Governor's proclamation, calling out the militia.

WASHINGTON, April 19.—A private letter dated April 19th, says the enemy attacked Fort Macon last Saturday and had been fighting two days. Col. White sent part of his men on the beach and found 300 Yankees. They killed 15 of our men and we retreated to the fort. Col. White fired cannon at the enemy killing great numbers. The enemy have built a battery two miles from the foot of the beach and had planted mortars and siege guns. Eleven large ships are outside. The enemy have sent to Newbern for gunboats to operate in the sound. The enemy are committing every imaginable outrage in Onslow county. Fort Macon has not been taken.

AGUSTA, April 19.—The Savannah morning News says that a skirmish took place at White Marsh Island on Wednesday, between some companies of the 15th Georgia and the Michigan regiment in which the latter were repulsed.

An accident occurred on the Atlantic and Westport railroad, at Green, Tennessee, by which about 200 Confederate soldiers were killed and six slightly wounded.

The Richmond Enquirer of Friday says the rebel Court of Inquiry, which has been deliberating for some time past on the advisability of releasing John M. Botts from imprisonment, adjourned Thursday. The result of their labors has not yet transpired.

A refugee from Richmond says there are batteries in four places on James river, none of which can withstand a heavy fire from mailed gunboats.

WASHINGTON, April 21.—A message reached the Senate from the President today, touching the arrest of Ex-Secretary Cameron at the instance of Pierce Butler. The President avows Butler's arrest to be his act and by his authority. He says it was justified by State necessity.

The nomination of Col. Tuttle of the 2d Iowa as a Brigadier-General has been determined upon.

Gen. Rosecrans is in command of a corps. He will soon be heard from.

The following telegram gives the rebel account of a skirmish in North Carolina, of which we have no news:

GOLDENROSE, April 15.—On Monday last below Pollockville, near Renston, a skirmish took place between a detachment of the 2d North Carolina cavalry regiment and the enemy's pickets. Lieut. Col. Robinson, who commanded, is probably a prisoner. Capt. Turner was hurt by a fall from his horse. Two privates were seriously injured and five wounded with shots.

WASHINGTON, April 21.—Information has been received that Gen. Joe Johnston has about 3,000 rebel troops at Gordonsville and ready to fall back on the North Anna river, preparatory to a general attack on Richmond.

WASHINGTON, April 21.—We learn from the Petersburg, Va., Express that a requisition has been made upon the slave owners of Prince George and Surrey counties for one-half the negroes between the ages of 16 and 50 years to repair to Williamsburg, where Gen. Magruder's Reserve are posted to work on the fortifications which are designed to protect Yorktown in the rear.

WASHINGTON, April 21.—Probably no definite decision has yet been arrived at by the government in the case of the Tagliers prisoners now at Boston.

SANDY HOOK, April 22.—The new iron steamer Orveto, built for war purposes, left Liverpool for Palermo. It is believed she goes to Bermuda for armament, and will take to the Atlantic as a Southern privateer.

The schooner Sophia ran the Charleston blockade, and arrived at Liverpool. Politics unimportant.

Boston, April 21.—The House Tunnel Bill was defeated in the Senate to-day by the adoption of a substitute.

SPRINGFIELD, April 21.—The freshest in the Connecticut river at this point is the greatest ever known. At 9 o'clock this evening the water had fallen 15 inches and is still receding slowly. At Northampton the water is two feet higher than ever before, and at Hadley there is no land to be seen, and the inhabitants go from house to house in boats.

CINCINNATI, April 22.—River has risen six feet and is now rising two inches per hour, with forty feet in the channel. Weather clear.

GENERAL ORDER—No. 22. ADJ. GEN.'S OFFICE, IND. VOL. MILITIA, Indianapolis, April 21, 1862.

The conduct of Lieut. FitzWilliams, of the 2nd Irish, 61st regiment Indiana volunteers having been misapprehended, General Orders No. 20, dismissing him the service, has been revoked, and he is restored to his former position.

By order of His Excellency Governor Morton, Commander-in-Chief. L. N. NOBLE, Adj't General Indiana.

AFTERNOON REPORT.

Foreign News—High Waters—Late Southern Intelligence—General Prentiss Makes a Speech in Memphis—He is in Excellent Spirits—Minister in St. Louis Arrested and His Paper Suppressed.

LIVERPOOL MARKET. LIVERPOOL, April 9.—BREADSTUFFS—FLOUR—active and steady. WHEAT—quiet and steady. CORN—quiet and steady. POAT—quiet and tending downward. BACON—easier. LARD—quiet and steady. TALLOW—dull at 44 5/8 5d. SUGAR—steady. COFFEE—quiet and unchanged. RYSE dull.

LONDON, April 8.—The Sumter was still at Gibraltar and the Tuscarora at Algiers. On the 3d the ship of war Kerargie, after a two days' visit to Gibraltar left for the West.

In Parliament D'Israeli made an attack on Gladstone's financial policy and budget. The latter spoke strongly in defense. A general debate ensued in course of which Gladstone attributed the distress of the country to its incompetent and inhuman policy in refusing to recognize the Confederate States.

The question of shielded ships and floating batteries, continue to occupy the attention of the government. The shipwrights have all been transferred from wooden to iron vessels in course of construction.

A proposition was before the Common Council of London to confer the freedom of the city in a gold box on Mr. Peabody for his munificence.

The crops of England and France are reported as most favorable. French manufactures accounts also show more animation.

Latest rumors assert that Gen. Gayton will not be recalled from Rome. The Paris bourse was flat at 69 1/2 3/4.

The Italian Ministry had ordered an increase in iron-plated ships. The question of brigandage and the removal of the Ex-Naples from Rome was debated in the Italian Chambers.

Ratzel said the Italian government persisted in pointing out that the presence of Francis II at Rome is the source of disorders, and he believes Napoleon also shares the conviction, and perceives the necessity for providing against its continuance, but a single blow cannot all be banished at a single blow.

The Spanish government had again reiterated its firm determination to abstain from any demonstration prejudicial to the independence of Mexico.

The Danish Rigsraad voted an extraordinary credit of \$1,000,000 (Rix dollars) for iron-plated ships.

The government has contracted for an iron cupola ship under Capt. Coles' invention, to be ready for sea June 1st, 1862. Experiments with a gun of large size showed that the hitherto considered most invulnerable iron sides were, so to speak, almost as easily penetrable by a shot as wooden vessels.

ST. LOUIS, April 22.—From a gentleman who left Memphis a few days after the battle at Pittsburg, we learn that the rebels put in both days of the battle together still claiming a victory. Their claim rests on the supposition that more were killed and taken prisoner on the federal side than on their own. Our informant says that Prentiss made a speech to his troops in Memphis in which he endeavored to nullify their complaints in relation to their treatment, food, &c. He told them that they would soon be exchanged and rallied them generally to keep up good spirits.

Prentiss was in excellent temper. He owed up to a defeat on Sunday, but said the rebels were badly whipped on Monday. The prisoners were being sent to Richmond. Our informant was in Huntsville when Mitchell reached there with his division.

The seizure of that place was a complete surprise and the occupation of the railroad between Decatur and Stephenson was regarded as the hardest blow the rebels had yet received.

The rebels were preparing to make a desperate stand at Corinth. Fresh troops were constantly arriving at Memphis. When left, business at Memphis was almost entirely paralyzed and people generally seemed to believe that they are on the eve of events, which will speedily decide the war.

The Rev. Dr. McAnally, editor of the St. Louis Christian Advocate has been arrested and placed in military prison and his paper suspended for publishing treasonable matter. This arrest caused no surprise, as the course of McAnally's paper for some time past has been very obnoxious to the officers of the government.

WASHINGTON, April 21.—We learn from the Petersburg, Va., Express that a requisition has been made upon the slave owners of Prince George and Surrey counties for one-half the negroes between the ages of 16 and 50 years to repair to Williamsburg, where Gen. Magruder's Reserve are posted to work on the fortifications which are designed to protect Yorktown in the rear.
